

ALEXIA REILLY

SENIOR MARKETING SPECIALIST

I thrive when I'm given a creative challenge that I have to solve quickly. That makes me come alive.

My role on the team at Idibri is to communicate concepts in ways that are easy to process. Whether proposals, project profiles, presentations, or reports, I have a knack for creating context. I am purpose-driven by nature, and love leading others to action. When I have the opportunity to connect with a client's mission using my creative skills, it makes my day.

EXPERIENCE

- Communicating concepts through graphic design
- Crafting custom proposals for clients
- Photography and event planning
