

JANET BURMAN

DESIGN SUPPORT

My role on the team is coordination and support. It is a great vocation for my avocations which include theatre and art.

I spent my early career working as an architectural and design assistant for the Coventry City Architects Department designing features and murals for civic buildings, then moved to New York where I spent six years with Artec Consultants. Now, I spend time serving as a client liaison for Idibri's clients in the UK.

EXPERIENCE

- Handles legal, HR and accounting for Idibri's UK office.
- Trained in art and design.

EDUCATION

Foundation Course – Art & Design
Coventry University

JOINED

1994
