

## KATHY SMITH

OFFICE MANAGER

This place really is special. My role is part “keeper of the culture” and part organization and management.

---

People who visit our offices often comment on how welcome they feel when they are here. It is more than just the energy and the vibe. There are a thousand different details that go into making people feel like they belong. I am proud of the role I play in creating that environment.

### EXPERIENCE

- Office management.
- Client relationships and coordinator.
- Event planning and hospitality.
